

It gives us immense pleasure to present you the report of the Alumni Meet “Samvedna-2019”, held on the 23rd & 24th of November 2019. This was a first of a kind of an event organized here at the Pune campus. It was the air of ecstasy, as alumni from the 1st batch to graduate from Pune to the latest batch came in flooded with memories and had the time of their life as they took a walk down the memory lane.

There was a plethora of activities planned for the precious stalwarts of the institute and all the current students got a chance to interact with them and gather as much as they could, from the wisdom the seniors imparted. The management of the college informed the alumni about the current practices that are adopted by the institution, new initiatives and they were keen to understand how the Alumni would like to contribute towards the institute building.

The students also got to learn a great deal of things from the seniors. The two-day celebration helped in re-establishing the long lost connections and started a new chapter in the history of KIAMS Pune.
